CANTILEVER BRACKET AK HCP

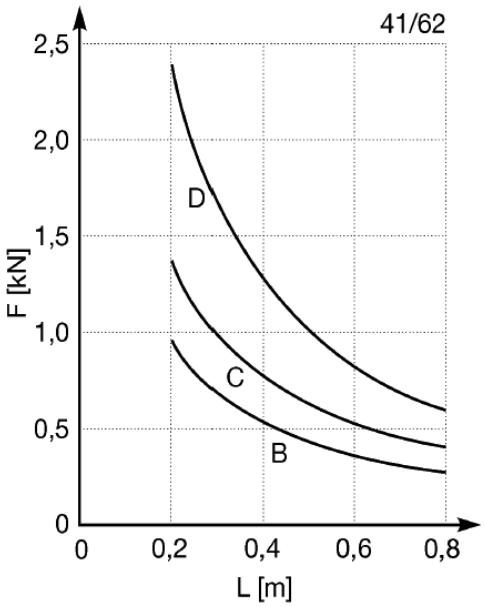

APPLICATION

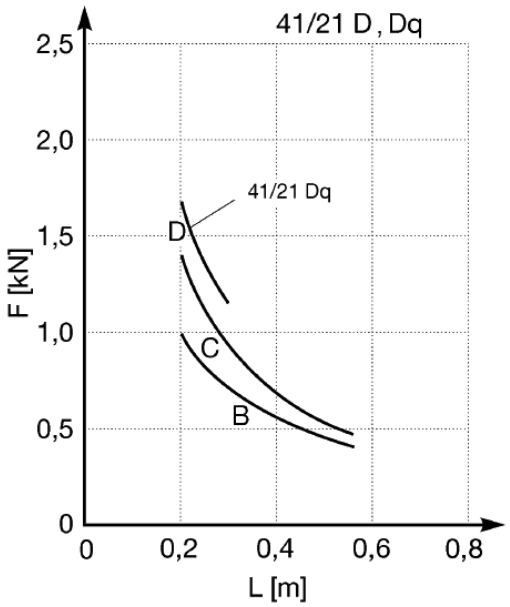

Ready-to-use bracket for mounting pipes to walls or other building structures.

INSTALLATION

When used in combination with sliding elements, a tied rod is absolutely essential for absorbing the forces running along the centre line of the pipe.
For cantilever lengths > 500 mm we recommend the integration of a prop-up.

TECHNICAL DATA

Anchor load classes
A = 1.5 kN
B = 2.5 kN
C = 3.5 kN
D = 6.0 kN
